AR/AMDA/WKS/RFQ/DACF/040/26

OCTOBER, 2026

INTRODUCTION

This Standard Request for Quotation Document is intended to be used where the proposed works are of simple nature, small value (i.e. up to GHS 1,800,000.00)[1].

Whoever prepares the Request for Quotation documents should be thoroughly familiar with the Instructions to Prospective Contractor and Conditions of Contract included in the RQW, as well as with the law applicable to the contract and any specific requirements of the specific contract. Where the user has little experience in writing Request for Quotation Documents or where complicated circumstances apply, expert advice should be sought.

Since the intention is that these documents should only be used for contracts of short duration and of low risk, there is no reference to an impartial "Engineer" or "Project Manager" but the Employer must appoint an authorized person to act for him, and if he wishes to engage a consultant to administer the contract, he may appoint a representative with specific delegated duties and authority.

[1] or the equivalent threshold level as revised by the Public Procurement Authority.

Request for Quotation

The determination shall be based upon an examination of the documentary evidence of a Prospective Contractor's qualifications submitted by a Prospective Contractor and the qualification criteria indicated in Section III - Evaluation and Qualification Criteria.

The Employer reserves the right to accept or reject any variation, deviation, or unsolicited alternative offer. Variations, deviations, and unsolicited alternative offers and other factors which are in excess of the requirements of the Request for Quotation Documents or otherwise result in unsolicited benefits for the Employer shall not be taken into account in Request for Quotation evaluation**.**

The estimated effect of any price adjustment conditions under GCC Clause 11.8, during the period of implementation of the Contract, shall not be taken into account in Request for Quotation evaluation.

At any time during the evaluation process, the Employer reserves the right to conduct a verification of market-reasonableness of the prices offered, and a negative determination (either unreasonably high or unreasonably low) could be a reason for rejection of the Request for Quotation at the discretion of the Employer. The Prospective Contractor shall not be permitted to revise its Request for Quotation after this determination.

Determination of the Lowest Evaluated Request for Quotation

The Request for Quotation with the lowest evaluated price from among those which are eligible, compliant and substantially responsive shall be the lowest evaluated Request for Quotation.
